invention has been filed by us or our representatives or assigns in any country foreign to the United States of America.

✓ We acknowledge the duty to disclose information which is material to the examination of this application in accordance with 37 C.F.R. §§1.56(a) and 1.175(a)(7).

✓ We hereby claim no foreign-priority benefits under 35 U.S.C. §119 of any foreign applications for patent or inventors' certificate; further, there are no foreign applications for patent or inventors' certificate filed by us on the same subject matter having a filing date before that of any application for which priority is claimed.

✓ We hereby declare that all statements made herein of our own knowledge are true, and that all statements made on information and belief are believed to be true, and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application of any patent issued thereon.
